As a seasoned Full Stack Developer, I am committed to shaping the future of startups. With over 5 years of experience wielding technologies like React, NodeJS, and PostgreSQL, I've had the privilege to lend my expertise to global startups including loft.com.mx, outbuild.com, fracttal.com, and ambit.com.mx.

WORK EXPERIENCE

Outbuild
(September 01, 2022 - Present)
Software Engineer

- Efficiently debugged and improved React and Node.js applications, boosting performance.
- Contributed to UI enhancements, leading to improved user experience.
- Played a key role in optimizing project planning tools and streamlining Procore integrations.
- Advanced internal development practices and technical debt management.

Key Skills: English, React.js, Node.js, PostgreSQL, API Development, Performance Optimization
